Every year, CoStar tallies the commercial real estate sales and lease transactions that closed during the previous year and presents CoStar Power Broker Awards to the brokerage firms and individual brokers who closed the highest transaction volumes in commercial property sales and leases in each market.

"Each year, CoStar Group looks forward to recognizing the firms and brokers who perform at the industry's highest level," said CoStar Group CEO Andrew C. Florance. "Top performers deserve to be recognized for their innovation, prowess and deal-making abilities. We congratulate all the award winners on their impressive professional accomplishments."

All CoStar Power Broker Awards are based on transaction data in CoStar's commercial real estate database, which is the largest, independently researched database of commercial real estate property information available online. Information in CoStar's database is verified and continuously updated by approximately 900 CoStar researchers, comprising the largest commercial real estate research operation of its kind. CoStar's U.S. database contains more than 3 million commercial properties, and the total U.S. square footage of gross building area tracked and maintained by CoStar exceeds 70 billion square feet.
